- Once all corrections and approvals have been completed, the orange dot will disappear. Please review all time on Monday to be sure that all dots are gone and that any leave has been entered. If TCP indicates that manager approval is missing, please remind your manager to approve your time.
- For staff with paid leave, please be sure all Time Sheet entries are made by Friday so your supervisor can approve them prior to the deadline on Monday. If you need to make a Time Sheet entry and see that your manager has already applied their approvals, it is your responsibility to notify your manager so they can approve these late entries prior to the deadline.**
